Student attrition is defined as the percentage of students who were present at the school on 10/1/2009 who had left the school in the following 12 months for a reason other than 4th, 8th, or 12th grade completion. Table includes data from all 82 KIPP schools that were in operation in both 2009-10 and 2010-11.

\*The KIPP Colorado region did not document FRL or SPED with their student attrition data.
