I'm not familiar with this ordinance. Is it something that came from the Illinois Municipal League, Northwest Municipal Conference as a recommendation? I'm not familiar with this topic.

Any information you have to help me do some research and get some foundation knowledge on the topic would be good.

Thanks,
Brad

Brad,

I would like to add to the COW agenda an ordinance relating to Economic Development and Worker Development.

I will forward the draft ordinance by 1 pm tomorrow. It is basically following up on our resolution we adopted in May.
